

To Whom it May Concern,

It is without reservation that we recommend Cirque du Jour for your event. Chris and Gina are true professionals that have a love for their craft which is evident in everything they do. Chris and a colleague were at our school for the one week in service; they worked with each of our 600 K-6 students and were amazing with every grade level. Each lesson was age appropriate, engaging, challenging and fun for the students.

During the course of the week they focused on our 5th and 6th grade students as the performers in an end of week circus staged for the school and at an evening event for parents and the community at large. Students were proud of the new circus skills they had learned during the week and were eager to perform. The circus performance was amazing!

This is the first year that we had the week long in service, though we have utilized Cirque du Jour's services in the past and would not hesitate to do so in the future. We look forward to our continued relationship with this excellent group of professionals. If you have any questions please do not hesitate to contact us at 203-385-4192 or grigasg@stratfordk12.org or genuariom@stratfordk12.org.

Sincerely,
